East Central Local Food Networking Event!

This "business-to-business" local food networking event is for local producers, processors, restaurants, caterers, retail stores and institutions looking to make business connections.

Join Farms at Work at the newly refurbished Towns & Leahy Mercantile and Deli in Douro. Our thanks to the new owners Bernard and Lise Leahy & family, Nancy Towns and Mark Towns for providing the venue for this event!

Together we can expand our local/regional food production network, create economic opportunities, support innovation and get local food on local plates!

Coffee and light refreshments will be provided.

Registration is limited, so don't wait!
